# EVO® Snap*

Merchant Management Center

Stay Connected to Your Business

The Snap* Merchant Management Center is a secure online management tool that allows merchants to track sales, manage orders and subscriptions, process returns and voids, activate risk/fraud filters, and more.

Available from any web-connected device - your business is always at your fingertips.

Track

Track your business more efficiently with centralized access to the information that matters

- View business health at-a-glance in the performance dashboard
- Track sales and transactions with real-time reporting
- Generate detailed reports on orders, voids and credits

Manage

Manage your business 24x7 with easy-to-use, flexible account and transaction management tools

- Manage user accounts and access privileges
- Check order status and cancel pending orders
- Easily process full and partial refunds

Protect

Protect your business against fraud and guard your customers' confidential information

- Tokenize and store sensitive payment information in our secure environment
- Configure security settings and Hosted Payment fraud filters
- Simplify PCI compliance

Oh Snap* It's Free
