# Collect Payments in a Snap*
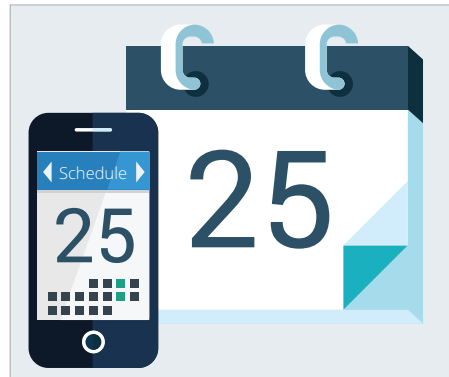

With Snap* VT Lite, processing payments on-the-go is easier than ever. Use it anywhere you have access to the Internet to instantly process one-time orders, set up recurring billing and send click-and-pay invoices.

With three simple ways to collect it's a Snap* to begin processing payments online.

One-Time Orders

Instantly and securely process credit card transactions in-person or in the back-office for phone, fax and mail orders.

Recurring Payments

Easily set up recurring payments that repeat on a regular schedule. Bill weekly, monthly, quarterly or yearly.

Click-and-Pay Invoices

Create click-and-pay invoices by generating a secure, encrypted payment link to add to any email or payment invoice.

Snap* Merchant Management Center

With real-time reporting and in-depth transaction management you can easily track sales, manage orders and subscriptions, process returns and voids, as well as activate risk/fraud filters to get the most from your Snap* VT Lite account.
